Proposed shutdown for the month of Aug'20

SN	Name of Element	Jul-20 24	25	26	27	28	29	30	31	Aug-20 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	Time	Remarks	Category
	SHUTDOWNS PROPOSED BY PGCIL																																											
	132kV Transmission lines																																											
1	132KV Silchar-Hailakandi CKT-II																																									0900Hrs to 1700Hrs	AMP of Bay Equipments. Was approved in June OCCM, deffered due to rain.	Existing system Normal Maintenance related Related Shudown
2	132KV Badarpur-Kumarghat TL																																									0900Hrs to 1700Hrs	Infringement clearing at location no. 61-62 &234-235 and AMP of Bay Equipments	Existing system Normal Maintenance related Related Shudown
3	132KV BADARPUR-JIRIBAM TL																																									0900Hrs to 1700Hrs	AMP of Bay Equipments	Existing system Normal Maintenance related Related Shudown
4	132kV Haflong-Haflong (AEGCL) TL																																									0900Hrs to 1700Hrs	AMP of Bay Equipments. Was approved in June OCCM, deffered due to rain.	Existing system Normal Maintenance related Related Shudown
5	132kV Melriat - Silchar-1 TL																																									0900Hrs to 1700Hrs	AMP of Bay Equipments	Existing system Normal Maintenance related Related Shudown
6	132kV Melriat- Zemabawk																																									0900Hrs to 1700Hrs	AMP of Bay Equipments	Existing system Normal Maintenance related Related Shudown
	220kV Transmission lines																																											
	400kV Transmission lines																																											
	400 kV Bong-Alpd Line-1 (Inter regional Line)																																									0900 Hrs to 1700 Hrs	AMP of Line bay and relay testing	Existing system Normal Maintenance related Related Shudown
	400KV Silchar-P.K Bari CKT-I																																									0900 Hrs to 1700 Hrs	For final checking of the line before upgradation from 132kV to 400kV.	Existing system Improvement Related Shudown
	400KV Silchar-P.K Bari CKT-II																																									0900 Hrs to 1700 Hrs	For final checking of the line before upgradation from 132kV to 400kV.	Existing system Improvement Related Shudown
SN	Name of Element	Jul-20 24	25	26	27	28	29	30	31	Aug-20 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30		Time	Remarks	Category
	400kV Bongaigaon Substation																																											
	400 kV, 50 MVAR Bus Reactor-1																																									0900 Hrs to 1700 Hrs	AMP of Bus Reactor	Existing system Normal Maintenance related Related Shudown
	400 kV Balipara-4 & Alpirduar-2 Tie Bay																																									0900 Hrs to 1700 Hrs	Repeat measurement of DCRM as instructed by CC-AM	Existing system Normal Maintenance related Related Shudown
	400/220 kV ICT-1 and 220 kV Bong-Salakati Line-1 & Line-2																																									1000 Hrs to 1600 Hrs	De-Stringing and dismantling of Hardware fitting & Moose Conductor From Gantry to Gantry between Bng-Skt Line-1 & ICT-1.Same was connected as a temporary arrangement for Charging of Bong-Salakati Line-1 during Construction phase of Substation package-'GIS-S1' associated with NERSS-III due to problem in Switch Bus	New Construction Related Shut Down
	400 kV ICT-1 & NSLG-1 Tie bay																																									CSD 0900 Hrs to 1700 Hrs	Overhauling of DAC mechanism of R and Y phase pole of Circuit breaker. Its CRM and DCRM values are under violation. Shutdown is approved in July but party may not be able to depute service engineer due to travel restrictions	Existing system Improvement Related Shudown
	400 kV, 125 MVAR Bus Reactor-5																																									CSD 0900 Hrs to 1700 Hrs	Continuous Shutdown of Bus reactor-5 for 10 days is required for carrying out Internal inspection by M/s CGL due to drastic rise in the Acetylene levels beyond acceptable limits. Shutdown is approved in July but party may not be able to depute service engineer due to travel restrictions	Existing system Improvement Related Shudown
	220kV Salakati Substation																																											
	220 kV Bus Coupler																																									0900 Hrs to 1700 Hrs	AMP of Bay Equipments	Existing system Normal Maintenance related Related Shudown
	220kV Salakati-BTPS line 1 Main Bay																																									0900 Hrs to 1700 Hrs	AMP of Bay Equipments	Existing system Normal Maintenance related Related Shudown
SN	Name of Element	Jul-20 24	25	26	27	28	29	30	31	Jul-20 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30		Time	Remarks	Category
	400kV Balipara Substation																																											
	400kV BNC # 1 LR																																									0800hrs to 1600hrs	For replacing of old electromechanical relays of Differential and Backup imp relay with numerical relays. Shutdown is requested on daily basis. Reactor will be out of service	Existing system Improvement Related Shudown
	400kV Bongaigaon 1 Tie bay																																									0800hrs to 1600hrs	Preventive maintenance . No element outage	Existing system Normal Maintenance related Related Shudown
	400kV Bongaigaon 3 Tie bay																																									0800hrs to 1600hrs	Preventive maintenance . No element outage	Existing system Normal Maintenance related Related Shudown
	400kV 80 1 main bay																																									0800hrs to 1600hrs	Preventive maintenance . No element outage	Existing system Normal Maintenance related Related Shudown
	400kV Kameng 02 Main-Bay																																									0800hrs to 1600hrs	Preventive maintenance . No element outage	Existing system Normal Maintenance related Related Shudown
	400kV Kameng 01 Main-bay																																									0800hrs to 1600hrs	Preventive maintenance . No element outage	Existing system Normal Maintenance related Related Shudown
	315 MVA 400/220kV ICT 2																																									0800hrs to 1600hrs	Preventive Maintenance of ICT. ICT will be out of service	Existing system Normal Maintenance related Related Shudown
	132kV Bus coupler bay																																									0800hrs to 1600hrs	Preventive maintenance . No element outage	Existing system Normal Maintenance related Related Shudown
	132kV side of 220/132kV ICT 2																																									0800hrs to 1600hrs	Preventive maintenance . No element outage	Existing system Normal Maintenance related Related Shudown
	800kV HVDC BNC Substation																																											
	400 kV BNC-Balipara ckt 1 Main Bay																																									0800Hrs to 1500Hrs	AMP of Bay equipments	Existing system Normal Maintenance related Related Shudown
	400 kV Misa substation																																											
	ICT-3 Main Bay																																									0900 Hrs to 1700 Hrs	AMP of Bay equipments	Existing system Normal Maintenance related Related Shudown
	ICT-3 & Bus Reactor Tie Bay																																									0900 Hrs to 1700 Hrs	AMP of Bay equipments	Existing system Normal Maintenance related Related Shudown
	80 MVAR Bus reactor Main Bay																																									0900 Hrs to 1700 Hrs	AMP of Bay equipments	Existing system Normal Maintenance related Related Shudown
	400/220kV 500MVA ICT-3																																									CSD 0900 Hrs to 1700 Hrs	For carrying out all the tests before completion of defectliablity period (one Year) before warranty period expiry	Existing system Improvement Related Shudown
44	220kV New Mariani line reactor																																									CSD 0900Hrs to 1600 Hrs	Dismantling of Old equipments near Line Reactor & Erection of New equipment under NERSS-VI construction	New Construction Related Shut Down
SN	Name of Element	Jul-20 24	25	26	27	28	29	30	31	Jul-20 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30		Time	Remarks	Category
	220kV Dimapur Substation																																											
	132kV Bus Transfer Bay																																									0900Hrs to 1600Hrs	AMP of Bay equipments	Existing system Normal Maintenance related Related Shudown
	220/132kV ICT-1																																									0800Hrs to 1600Hrs	For beam erection works near ICT-1, under NERSS-VIII construction	New Construction Related Shut Down
	HVDC line																																											
	Balance Low/High Power Tests in 800KV Agra-BNC HVDC line (Bi-Pole) (Separate sheet enclosed)																																										Kind approval of above was also accorded by NERPC, Shillong earlier for the month July20 but it was cancelled by NLDC,Delhi (POSOCO) in view of permanant Shifting of 400KV D/C Patna-Kishanganj line in Powergrid, ER_1, Patna region from ERS towers to newly constructed pile foundation towers on emergency basis due to continous erosion by Ganga and Kosi river to ERS towers affecting safety of Line	Existing system Improvement Related Shudown
	SHUTDOWN PROPOSED BY ASSAM																																											
	220kV BTPS-Agia-I																																									0800Hrs to 1600Hrs	Line Maintenance	Existing system Normal Maintenance related Related Shudown
	220kV BTPS-Agia-II																																									0800Hrs to 1600Hrs	Line Maintenance	Existing system Normal Maintenance related Related Shudown
	220kV Agia-Boko																																									0800Hrs to 1600Hrs	Line Maintenance	Existing system Normal Maintenance related Related Shudown
	220kV Agia-Mirza																																									0800Hrs to 1600Hrs	Line Maintenance	Existing system Normal Maintenance related Related Shudown
	220kV Samaguri-Mariani-2																																									0800Hrs to 1600Hrs	Shfting works under NHIDCL scheme& corridor cleaning works	Existing system Normal Maintenance related Related Shudown
	220kV Samaguri-Sonabil																																									0800Hrs to 1600Hrs	Shfting works under NHIDCL scheme	Existing system Normal Maintenance related Related Shudown
	220kV NTPS-Mariani																																									0800Hrs to 1600Hrs	corridor cleaning works	Existing system Normal Maintenance related Related Shudown
	220kV Sarusajai-Sonapur																																									0800Hrs to 1800Hrs	replacement of main bus isolator	Existing system Normal Maintenance related Related Shudown
	220kV Tinsukia-Kathalguri-1&2																																									1000Hrs to 1400Hrs	checking of healthiness of line & disc insulators	Existing system Normal Maintenance related Related Shudown
	220kV Sarusajai-Mirza-2																																									0700Hrs to 1400Hrs	construction of intermediate tower in location number 372/373	Existing system Improvement Related Shudown
	220kV Sarusajai-Mirza-2																																									0700Hrs to 1400Hrs	construction of intermediate tower in location number 372/373	Existing system Improvement Related Shudown
	132kV Umrangso-Khandong																																									0900Hrs to 1600Hrs	CB Maintenance	Existing system Normal Maintenance related Related Shudown
	132kV Umrangso-Haflong																																									0900Hrs to 1600Hrs	CB Maintenance	Existing system Normal Maintenance related Related Shudown
	132kV Pailapool-Jiribam																																									0900Hrs to 1700Hrs	disc insulator acement and maintenance works	Existing system Normal Maintenance related Related Shudown
	132kV Bokajan-Dimapur																																									0900Hrs to 1600Hrs	corridor cleaning works	Existing system Normal Maintenance related Related Shudown
SN	Name of Element	Jul-20 24	25	26	27	28	29	30	31	Jul-20 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30		Time	Remarks	Category
	132kV Hailakandi Main Bus																																									0800Hrs to 1600Hrs	Preventive Maintenance works of bus & bay equipments	Existing system Normal Maintenance related Related Shudown
	132kV Hailakandi - Durlacherra																																									0700Hrs to 1600Hrs	Preventive Maintenance works of bus & bay equipments	Existing system Normal Maintenance related Related Shudown
	132kV Srikona-Pailapool																																									0700Hrs to 1600Hrs	Preventive Maintenance works of bus & bay equipments	Existing system Normal Maintenance related Related Shudown
	220/132/33kV 100MVA ICT-II at Sarusajai																																									1000Hrs to 1300Hrs	Preventive Maintenance	Existing system Normal Maintenance related Related Shudown
	220/132/33kV 100MVA ICT-III at Sarusajai																																									1000Hrs to 1300Hrs	Preventive Maintenance	Existing system Normal Maintenance related Related Shudown
	SHUTDOWN PROPOSED BY MEGHALAYA																																											
	220kV Misa-Byrnihat D/C																																									0900Hrs to 1600Hrs	disc changing location at loc no 399	Existing system Normal Maintenance related Related Shudown
	220/132kV 160MVA ICT-1 at Killing																																									0900Hrs to 1600Hrs	Maintenance work of terminal equipments	Existing system Normal Maintenance related Related Shudown
	132kV Umtru-Kahelipara D/C																																									0900Hrs to 1500Hrs	disc changing at Loc No.13	Existing system Normal Maintenance related Related Shudown
	132kV Umtru-Sarusaiai D/C																																									0900Hrs to 1500Hrs	disc changing at Loc No.103	Existing system Normal Maintenance related Related Shudown
	SHUTDOWN PROPOSED BY TRIPURA																																											
	132kV P.K.Bari-Kumarghat																																									0900Hrs to 1600Hrs	MTC OF LINE CHECKING O JUMPER N REPLACEMENT OF CLAMPS ETC.	Existing system Normal Maintenance related Related Shudown
	132kV Mission Tila -PKBari																																									0900Hrs to 1600Hrs	MTC /PATROLLINING/VEGATATION	Existing system Normal Maintenance related Related Shudown
	132kV Palatana-Udaipur																																									0900Hrs to 1600Hrs	MTC /PATROLLINING/VEGATATION	Existing system Normal Maintenance related Related Shudown
	SHUTDOWN PROPOSED BY STERLITE																																											
	132kV PKBari-Kamalpur																																									0800Hrs to 1600Hrs	Stringing of 132kV AGTCCPP-PKBari	New Construction Related Shut Down
