

PROPOSED SHUTDOWN OF ELEMENTS FOR 124th OCCM- BAR CHART

SN	Name of Element	Aug-16							Sep-16							Time																	
		8	7	8	9	10	11	12	13	14	15	16	17	18	19			20	21	22	23	24	25	26	27	28	29	30	31	1	2	3	4
<b>1. TRANSMISSION LINES</b>																																	
<b>132kV Transmission Lines</b>																																	
1	132kV Kumarghat - RC Nagar Line																		08:00 to 16:00	For shortening and tightening of jumpers at Loc. No.163 and 217 respectively ( Rescheduled S/D )													
5	132 kV R. C. Nagar - Agartala # 1 TL																		08:00 to 16:00	conductor replacement work Loc. No.29 - 30 in B' pit ( 33kV , 11kV & LT lines below the said location shall also require Shutdown from State )													
6	132kV Palatana - Sarjaminganagar TL																		08:00 to 16:00	For repairing of conductor in between location no 92 to 93													
	132kV Badarpar - Jiribam TL																		08:00 to 16:00	Annual Maintenance in Bay equipment													
7	132kV Mokokchung - Mokokchung # 1 TL																		09:00 to 16:00	Annual Maintenance in Bay equipment at Nagaland State S.S. ( Rescheduled S/D )													
8	132kV Mokokchung - Mokokchung # 2 TL																		09:00 to 16:00	Annual Maintenance in Bay equipment at Nagaland State S.S. ( Rescheduled S/D )													
<b>220kV Transmission Lines</b>																																	
9	220kV Kopili - Misa # 1 TL																		08:00 to 16:00	For jungle clearing within ROW.													
10	220kV Misa -Samaguri # 2 TL																		08:00 to 16:00	Annual Maintenance in Bay equipment and in line.													
11	220kV Misa -Samaguri # 1 TL																		08:00 to 16:00	Replacement of Tandelta Violated CT at Samaguri Substation													
12	220kV Mariani-Kathalguri Ckt																		09:00 to 16:00	Annual Maintenance in Bay equipment at Mariani Substation													
<b>800 kV BNC HVDC</b>																																	
	400kV - 80 MVAR Bus Reactor-1																		08:00 to 16:00	Replacement of 400 KV OIP Bushings with RIP Bushing ( rescheduled S/D )													
<b>132 kV Dimapur S/S</b>																																	
1	1220/132kV 100 MVA ICT-1																		08:00 to 16:00	Annual maintenance activities													
<b>400kV BALIPARA SS</b>																																	
1	400kV Ranganadi-I & Misa -I Tie Bay																		08:00 to 16:00	Tandelta Grading Cap., Timing, CRM, Annual Maintenance													
2	400 kV Misa # 1 -MAIN BAY																		08:00 to 16:00	CT tandelta, Timing, CRM, Annual Maintenance													
3	400kV Ranganadi-II Main Bay																		08:00 to 16:00	CT tandelta, Timing, Annual Maintenance													
4	400 kV ICT -I & Bus Reactor 1 TIE BAY																		08:00 to 16:00	CT tandelta, DCRM, Timing, CRM, Annual Maintenance													
5	400/220kV, 315 MVA, -ICT-1																		08:00 to 16:00	Bushing Tan Delta, Annual Maintenance, ICT shall be out of Service.													
6	400 kV Bongaigaon 1 - Line Reactor																		08:00 to 16:00	Bushing Tandelta, Annual Maintenance, BR shall be out of Service.													
7	400 kV Bongaigaon 2 - Line Reactor																		08:00 to 16:00	Bushing Tandelta, Annual Maintenance, BR shall be out of Service.													
	400 kV Bongaigaon 3 - Line Reactor																		08:00 to 16:00	Bushing Tandelta, Annual Maintenance, BR shall be out of Service.													
	400 kV Bongaigaon 4 - Line Reactor																		08:00 to 16:00	Bushing Tandelta, Winding Tan delta, Annual Maintenance, BR shall be out of Service.													
	400 kV Bongaigaon 3 & Kameng I Tie Bay																		08:00 to 16:00	CT tandelta, Timing, Annual Maintenance													
9	400kV ICT -II & Bus Reactor -II Tie Bay																		08:00 to 16:00	CT tandelta, Timing, CRM, Annual Maintenance													
<b>400kV BONGAIGAON S/S</b>																																	
1	400 kV BNG-Azara Main Bay																		08:00 to 16:00	Bay Equipments AMP													
2	400 kV BNG-Byrihat Main Bay																		08:00 to 16:00	Bay Equipments AMP													
3	400 kV Byrihat- BTPS # 1 Tie Bay																		08:00 to 16:00	Bay Equipments AMP													
4	400 kV NSLGR 2 - Bus Reactor # 1 Tie Bay																		10:00 to 10:45	Bay Equipments AMP													
<b>400kV Misa Substation</b>																																	
1	400 kV ICT-2 Main 1 Bay																		08:00 to 16:00	Bay Equipments AMP													
2	33kV Tertiary Reactor #1																		08:00 to 16:00	Annual maintenance activities													
3	400kV 50 MVAR BUSREACTOR& ITS BAY (Bay - 404 R)																		08:00 to 16:00	Annual Maintenance activities of Reactor & Bay Equipment ( 50 MVAR Bus Reactor will be out of service )													
4	400/220kV 315MVA ICT #1																		10:00 to 11:00	Changeover of Units													
5	220kV Transfer Bus Coupler Bay																		08:00 to 16:00	Annual maintenance activities													
<b>132kV Dimapur Substation</b>																																	
1	220/132kV, 100 MVA ICT # 2																		08:00 to 16:00	AMP of equipment ( ICT Shutdown also required. )													
<b>132kV Imphal Substation</b>																																	
1	132 /33kV 50MVA ICT # 1																		08:00 to 16:00	Annual maintenance activities of ICT & Bays													
2	132kV Imphal -II Bay																		08:00 to 16:00	Annual maintenance activities in Bay ( State line shall remain under S/D )													
<b>NEEPCO, AGBPP</b>																																	
1	STG unit 3																		08:00 hrs to 17:08 hrs to 25:09:16	To carry out Major Overhauling of the unit under the supervision of OEM M/s BHEL, Hyderabad													
2	STG Unit 1&2																		08:00 hrs to 25:08:16 to 30:08:16	To carry out cleaning of CT basin and CW sump which are common system for all the three STG units.													
<b>ASSAM</b>																																	
1	132kV Namrup-Tinsukia line																		08:00 to 16:00	For Preventive maintenance of EHV lines under 220kV Tinsukia GSS.													
2	220kV Kathalguri-Tinsukia feeder no 1 & 2																		08:00 to 16:00	For Preventive maintenance of EHV lines under 220kV Tinsukia GSS.													
3	220kV Namrup-Tinsukia feeder no 1&2																		08:00 to 16:00	For Preventive maintenance of EHV lines under 220kV Tinsukia GSS.													
<b>220kV Grid Sub-station, Mariani</b>																																	
4	132kV/33kV,25MVA Tr.No. I																		09:00 to 16:00	Schedule Check up													
5	132kV/33kV,25MVA Tr.No. II																		09:00 to 16:00	Schedule Check up													
6	220kV Lines Samaguri-Mariani II																		08:00 to 16:00	Corridor cleaning, Jumper checking													
7	132kV Lines L.I.TS Mariani S/C																		08:00 to 16:00	Corridor cleaning, Jumper checking													
8	132kV Lines Jorhat-Mariani D/C																		08:00 to 16:00	Corridor cleaning, Jumper checking													
9	66kV Lines Nazira-Mariani-I D/C																		08:00 to 16:00	Corridor cleaning, Jumper checking													
<b>TSECL</b>																																	
1	132 KV P.K Bari - Dharmanagar																		09:00 to 03:00	Pre-Puja Maintenance													
2	132 KV Udaipur - Palatana																		09:00 to 03:00	Pre-Puja Maintenance													
3	132 KV Dharmanagar - Churaibari																		09:00 to 03:00	Pre-Puja Maintenance													
4	132 KV P.K Bari - Dharmanagar																		09:00 to 03:00	Pre-Puja Maintenance													
5	132 KV PK Bari - Dharmanagar line.																		09:00 to 03:00	Pre-Puja Maintenance													
6	132 KV Dharmanagar - Churaibari (Durlavcherra)																		09:00 to 03:00	Pre-Puja Maintenance													
7	132 KV Dharmanagar S/S																		09:00 to 03:00	Pre-Puja Maintenance													
8	R.C.Nagar Line-2																		09:00 to 03:00	Pre-Puja Maintenance													
9	132 KV Udp - Palatana																		09:00 to 03:00	Pre-Puja Maintenance													
10	132 KV Dharmanagar - Churaibari (Durlavcherra)																		09:00 to 03:00	Pre-Puja Maintenance													
11	132 KV PK Bari S/Stn Main Bus in/c all connected feeders																		09:00 to 03:00	Pre-Puja Maintenance													
12	132 KV PK Bari - Dharmanagar line.																		09:00 to 03:00	Pre-Puja Maintenance													
13	132 KV Dharmanagar S/S																		09:00 to 03:00	Pre-Puja Maintenance													
<b>MSPCL</b>																																	
1	132kV Leimatak-Rengsang (Jiribam-2) line																		09:00 to 16:00	Trimming of trees along the line													

Continuous Shutdown

Day-time Shutdown
